	<p>How many coalition members will complete this? Goal is 100% adoption. Do a poll? How many feel you could implement this in your organization?</p> <p>Consideration of agency operations affected by pandemic – may not be able to complete tool due to lack of resources or capacity.</p> <p>The tool is very methodical, not just a matter of ticking boxes, actual conversations is the important part.</p> <p>Kathy Manners shared the Executive Committee results of undertaking the tool. It was echoed that the conversations generated around each question was essential with all EC members giving their input.</p> <p>Jim Harris indicated that consideration should be given to utilizing a different word for lowest tier replacing “blindness” as a deficit.</p> <p>The Cultural competency group will need to discuss linkages with Anti-oppression work.</p> <p>Kathy Manners updated that the Coalition Meeting Hot Topic is Equity, Diversity, and Inclusion and made a call for speaker recommendations. Gerry Croteau suggested Dale Boyle from Safer Spaces.</p>	<p>Work on Coalition presentation at next IPT table meeting</p> <p>Kathy to determine if document wording can be changed from “colour blindness”.</p>
<p>7 .</p> <p><b>Integration/Partnership Priority Updates</b></p>	<p><b>Executive Committee/Council Update</b></p> <p>Gerry reported that the Cultural Competency Assessment Tool was completed. The results and score were reviewed by Kathy Manners.</p> <p>EC also discussed Coalition catchment area expansion with the next steps of creating a value proposition document for expansion and presenting to Coalition before moving to a motion. It was determined that over 50% of members already work in Muskoka and the expansion creates opportunities to fill a gap in collaborative work. Gerry Croteau notes that Simcoe &amp; Muskoka is the catchment area for one of the Coalition’s largest stakeholders: SMDHU.</p> <p>Kathy Manners reports that a brief discussion at EC ensued on allowing Membership Fee Reduction Requests as a mean to allow for organizations that might be in fiscal difficulty. The EC decided against this.</p> <p>EC will support the ItStarts Campaign again this year.</p> <p><b>Partnership Update</b></p> <p><b>Children’s Treatment Network-</b> Accreditation is complete. Additional provincial funding has allowed for two additional positions with a focus on FASD.</p> <p><b>Catulpa</b> - Continuing family caregiver programming for FASD community.</p> <p><b>McKenzie Health-</b> Partnering with LIN to start a FASD diagnostic clinic for adults and children servicing Simcoe-York. Referrals can be made through McKenzie Health in partnership with Waypoint in SC.</p>
